

JR Osaka station department

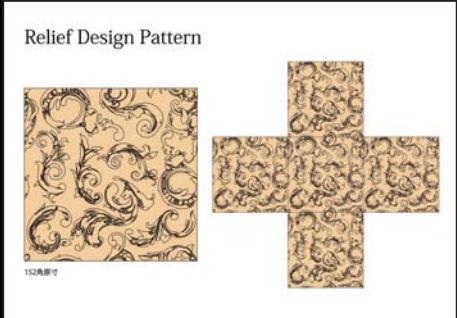

Rhombus rough surfaces by mold casting.
200×160×13mm

Wet press molding, the color of the glaze can also be specially ordered.

Manufacture tile custom relief tile

We create the original design to have the raised relief pattern continues when the tiles are side-by-side.
You can find prototype, plaster mold, molding glazed and firing in our factory.

Presentation plan

Prototype by the clay 150×150mm

Mold casting + Firing in glossy white glaze
